Principal's Message

Dear Johnnies Community,

Welcome back to another year at St. John's and welcome to all our new students in Year 7 and the new ones in Years 8,9,10 and 11. The year has started with great enthusiasm and cooperation. Thank you to parents, staff, and students for making such an excellent start.

Today we had our first assembly of the year and it was dedicated to our academic achievements of 2020, namely, the outstanding results of our Year 12, 2020. It was great to welcome once again to St. John's, the Honourable Ted O'Brien, MP for Fairfax. Ted is a long-time supporter of St. John's and he made time today to come and present awards to last year's successful students.

The Fairfax Awards for Academic Excellence are awarded to recognize our top 5 students based on their aggregate results – out of 500. These were presented by Mr Ted O'Brien and assisted by Mr Mark O'Connor (AP Studies and Pathways), the recipients are:

- Alexandra Angus
- Jasmine Lohmann
- Angelique McLaren-McClymont
- Samina Reynolds
- Prue Rezes

Fairfax Award for Academic Excellence

ATAR Award

DUX

The top ATAR student of the year with a score of 99.05 was Samina Reynolds and the Dux of the College, who had the highest total score out of 500 was Jasmine Lohman. Congratulations to all the top awardees in each subject area and to the class of 2020 for their "intellect and character". (Martin Luther king Jr)

During this year of 2021 we will be focusing on NAPLAN preparation with the objective of improving our results in Numeracy. Despite our good results we have been trending downwards in this area and in reading, spelling and grammar. Our results in Year 9 writing over the past few years have been excellent thanks to the work we have done in class across subject areas.

Below, I have placed some graphical information for your perusal.

Other areas of focus will be: Catholic Identity and being a Dialogue School, A Gifted and Talented Plan, continue with our PB4L resilience, respect, and responsibility, student voice, strengthening our positive attitudes around diversity and inclusion, and a full timetable review.

I wish everyone a successful and fruitful year in education at St. John's.

ANNOUNCEMENT OF A SUCCESSFUL REVIEW

Last year, your principal Mr Christopher Gold, undertook his Summative Performance Review which was conducted by Brisbane Catholic Education's Executive Director, Miss Pam Betts.

Miss Betts announces that the review is now complete and has been very successful. Mr Gold is to be congratulated on the fine work he is doing at St John's College, which has an outstanding reputation in the wider community.

Miss Betts particularly thanks the staff and community members who participated in the review and wishes the St John's College community all the best for the coming year.

Welcome to Johnnies in 2021

It has been a wonderful start to the year with an atmosphere of calm and peace. Our Year 7 students have settled in well and we look forward to formally welcoming them at the Opening Mass, Induction of College Leaders and Welcoming of Year 7 Students next Thursday morning. We are rolling off the end of a great year and continue to celebrate milestone events in 2021. Pope Francis has declared 2021 as the Year of Saint Joseph and we celebrate the 200th anniversary of Catholic Education in Australia. St John's has a strong connection to St Joseph as this was our original name and the crest still mirrors the SJC on the St Joseph's Primary School crest. Our ITD Centre is also named after St Joseph, the carpenter. In a new Apostolic Letter entitled *Patris corde* ("With a Father's Heart"), Pope Francis describes Saint Joseph as a beloved, loving, obedient, accepting and creatively courageous father. He is also described as a father in the shadows. Being in the shadows is not negative, it is an important role which supports others to shine on the centre stage. We look forward to supporting our students throughout 2021.

Senior Visual Arts Excursion to GOMA

After a very long stretch of time due to Covid, senior visual art students were finally able to visit the Gallery of Modern Art and the Queensland Art Gallery in Brisbane on Wednesday the 3rd of February. As young artists it is vital that they are exposed to artworks in a gallery environment. It is very beneficial to their growth as it exposes them to national, international and indigenous artists and their practices which all round helps to inform their own practice. GOMA had many artworks on display but the big draw card was the exhibition of Indigenous artist Gordon Bennett. Powerful social criticism was on display in his large-scale paintings, drawing and assemblages. The students were challenged to think from a very different perspective, one of a minority people in a very white dominated culture. Sadly, the day was all too short, but an enjoyable day was had by all.

Thank you to Miss MacNicol, Shalene, Maddie and Teresa for all their efforts organising this excursion. Also a big shout out to all the students for the exemplary behaviour, you represented St John's perfectly.

Starting Year 7

Starting Year 7 poses many new challenges, but also offers exciting opportunities. It comes with a variety of mixed feelings. Unfortunately for many Grade 6 students, 2020 was marred with school closures and remote learning due to the pandemic and the overall impact of this is still unknown.

For many student's regular orientation activities at the end of 2020 were less than ideal. Therefore, many students may be feeling a little bit more anxious than usual about their expectations of starting Year 7. Grasping new skills and establishing new study practices can quickly become daunting and overwhelming.

During this time of transition, parents and carers need to be supportive, but also realistic, in their expectations. This is an important milestone in your child's life. There will be feelings of exhilaration, but also the fear of the unknown. Therefore, it will be important for parents and carers to be vigilant in monitoring their child's mood and mental health during this time. They could easily become overly anxious or even depressed.

In this School TV Special Report, there are a number of strategies offered that can make this transition period smoother and start things off on the right foot! We hope you take time to reflect on the information offered in this Special Report, and as always, we welcome your feedback.

If you do have any concerns about the wellbeing of your child, please contact the school for further information or seek medical or professional help.

Care for God's Creation

This year St John's College are proud announce their new partnership with Urban Depot Burnside. This recycling initiative will see new blue bins and baskets located around the school to collect plastic water bottles, juice poppers, flavoured milk cartons and aluminum cans. Without recycling, each of these items would end up as landfill. However, by educating the Johnnie's community to recycle, not only will we be helping the environment for future generations, however, we can also collect 10c for each item which will go towards a new community garden located in our Polding area. We are all stewards of God's creation, caring for this earth and protecting people and planet is faith in action. Thanks to those students who are already taking on the new recycling initiative, we look forward to filling up those bins many many times over in 2021.
