## Principal's Message

Dear Johnnies Community,

On Thursday morning we held our Opening Mass and Induction of Leaders. Fr Odinaka had his first taste of the Johnnies community as a large group of 870 students and a good number of parents. It was a longish ceremony, and it had all the hallmarks of our values and traditions.

The presentation of Year 12 captains, the Year 12 ties, student council and pledges from staff, students and leaders are all things that are part of our traditional Opening ceremonies. We ended as usual with a guard of honour for our newest members of the community, Year 7. However, I am always thrilled to see so many parents, even during COVID restrictions, turn up to support their children. Parent engagement is an integral part of successful of schools, and we owe a great deal of our academic, sporting, cultural and artistic success to the parent and carers body.

The first thing that any parent can do is to make sure your children are well equipped with the right uniform items, and making sure that when they leave the house, they are neatly attired according to college expectations. Turning up to school, on time and regularly is the key to academic success. Many studies show a strong correlation between attendance and results.

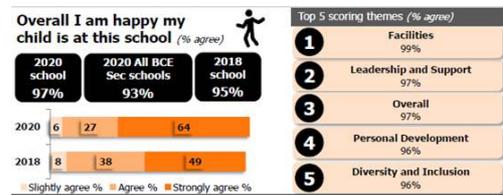

Supporting your child with designated homework time, and possibly help with homework is also very important. Turning up to support your child at the various school functions, plays, musical nights and sport is essential to their wellbeing, confidence, and self- esteem. One of the valuable things you can do for your child is to encourage them to participate in some extra-curricula activities. It is in these activities that they learn from others, become responsible for others in a team

dynamic and make countless friends from a variety of year levels.

Joining the Parents & Friends group or nominating for the Board are also ways of engagement with your child's school and education. It should come as no surprise to you that the students with the greatest experiences and success at school are those that have parents willing and able to become engaged in aspects of their education.

During the year are occasions where parents and carers can become involved or just turn up and look interested. I can name the Art show, sport trainings and games, our "back to school" mornings for parents, information nights, parent-student-teacher conversations, the opening and closing ceremonies, and there are a host more.

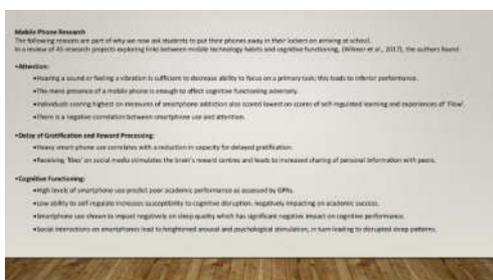

We are so fortunate here at Johnnies that we have such amazing parental support, and hence our success. Last year's BCE Listens survey is testimony to that, and I have highlighted a few areas below that make me so very blessed to be part of such a great community.

ITEM (% agree)	2020 school	All BCE Sec
The physical environment of this school is well maintained	100%	98%
This school provides opportunities for my child to participate in co-curricular activities	98%	94%
This school expects positive student behaviour	98%	96%
There is effective leadership at this school	98%	91%
This school helps my child to develop their relationship with God	98%	96%

## Mobile Phone Research

With the strict protocols we have in place at St John's regarding the use of mobile phones during the school day, I thought it timely to draw your attention to some interesting research.

## Year 7 2022 Enrolments

# Celebrating Catholic Identity

## Catholic Perspectives

All Brisbane Catholic Education Schools have embarked upon embedding Catholic perspectives across the curriculum. To assist you in your understanding of what this means for St John's College I have copied information about this approach from the Brisbane Catholic Education Website. Over the next year, I will also be including approved theological information on some of the topics our students engage with to enrich an understanding of what is the Catholic perspective. As teachers, we have access to explanations of the Catholic perspective which comes with the imprimatur of the Archbishop of Brisbane as being in line with church teachings. I am hoping to provide these explanations on our College Website and Parent Portal throughout the year.

The following link contains a short video explaining this approach.

RSE Key Messages 2018 - YouTube

## Embedding catholic perspectives

Embedding Catholic perspectives into Relationships and Sexuality Education is a response to:

- the human being's ongoing quest in seeking the purpose and meaning of life and relationships
- the Christian narrative, theology and Church tradition
- the Catholic vision for human thriving.

The distinctiveness of the Catholic perspective is found in responses to the Christic question of 'Who do you say I am?' and responses to questions such as: Who are we? Who are we trying to become? How do we get there? It is the Christian narrative that provides us with responses that deepen our understanding and thereby increase our capacity to flourish.

In a Catholic school, we are striving to support students to flourish to be their true self -in being confident about their relationship with themselves, others, creation and God. It is the goal that these students will reach out to support others amongst whom they live and work in community to also flourish.

Catholic Education, as an agent of the Catholic church, exists to give witness to Jesus' vision of reality through the integration of:

- faith
- life
- culture

## Gold Coast Rugby and Netball Training Camp

On Friday 29th January, 46 students boarded a bus bound for the Gold Coast. This weekend is something that both the netball and open rugby squads look forward to each year, as it sets the scene for the upcoming seasons ahead.

Over the weekend students were pushed both physically and mentally. The players started the weekend on Friday evening with a group culture and legacy session, where coaching staff challenged the players to leave the SJC rugby and netball programs in a better place than when they inherited them. Players were asked to commit to becoming better people first, and great sportspeople second. The players really engaged in this session and we have been receiving feedback from various stakeholders throughout the school about some of the positive things our players are doing to set an example for the younger years (and their peers) – we are very proud of them!

Saturday was a challenging day for the players, but they stuck together and got through it as a group. The morning started with a 2-hour group fitness session (Pilates and a spin class), followed by a morning of trial games against AB Paterson College. After a BBQ lunch with our hosts, the netballers enjoyed a training session with Vicky Wilson, while our rugby squad engaged in a session with the QLD Reds. The players then headed to Harbour Town for dinner and an evening movie. The weekend concluded with a team challenge where players were paired up and had to complete run and swim challenges as a team.

A special mention to the parents of our players for allowing your child to come and participate in this experience. As a coaching staff, we are truly thankful for the opportunity to take these wonderful young adults away on this training camp.

### Library News

## Library Lovers' Week!

Library lovers' week begins annually on February 14th each year.

This year we are doing our 'Blind Date with a book' – again, but this time for two weeks this year!

How does it work?

- Find a wrapped book
- Check it out at the library desk
- Take it home
- Unwrap it
- Read it
- Return it with the completed 'Rate your date' sheet to the library staff
- Go in the raffle to receive a box of chocolates from the library

Hope to see many of you borrowing next week! Read on!

## Books 4 PNG Kids

Over the holidays our Library Team updated our Library collection with many new and exciting titles as well as removing our old much-loved books. Rather than allowing these books to end up as rubbish the Library Team contacted Brisbane based organisation, Books 4 PNG Kids. This organisation coordinates the collection of old books, textbooks, laptops, magazines and more and delivers them to schools in need in Papua New Guinea. Many of these schools are still establishing and getting the books to them is not an easy feat. Books are often delivered via helicopter, long boats or kilometer long treks through rough terrain. Each shipment of books to PNG is received by many smiling faces of the children and volunteers who are so grateful to receive the donations. We look forward to sending over many more books in the years to come.

## Inclusion and Diversity

In my role as Inclusion and Diversity Program Leader, I will be supporting Aboriginal and Torres Strait Islander students and Culturally Diverse students at the College, working towards building a culturally safe environment for students to explore identity and knowledge, thereby enabling and promoting understanding and respect for all students within our school environment. Our

vision is to connect with families in community and be a support for our students where we can.

Some initiatives to be continued for 2021:

- Student Yarning Meetings
- Scholarship opportunities (QATSIF- Year 11 and 12- Applications commence Year 10)
- Art Competitions in QLD
- TAFE and University Scholarship opportunities (End of Year 12).
- STEM and Engineering opportunities (University Introduction Programs)
- Careers Day
- Junior Students- Cultural excursion

We are also interested in families who have not notified the school of their cultural background and may not be aware of possible opportunities for their child. Please contact the office to advise or email [Amanda.tollner@bne.catholic.edu](mailto:Amanda.tollner@bne.catholic.edu). Please do not hesitate to contact me, I look forward to supporting you and your family in 2021.

## QATSIF Scholarship 2021

Every year we have an opportunity for our Aboriginal and Torres Strait Islander students to apply for a QCE scholarship through the Queensland Aboriginal and Torres Strait Islander Foundation known as QATSIF.

QATSIF was originally created from the injustice of Stolen Wages in Queensland from 1939-1972. In a monumental lawsuit, the Queensland Government was found to have breached their duties and did not pay millions of dollars in wages to over 10,000 Aboriginal and Torres Strait Islander people. In 2008, the QATSIF foundation was created to give a small percentage of the money back to Years 11 and 12 students as QCE opportunities.

We are proud to announce Year 11 student Samuel Ward was successful with his application and has received the QATSIF Scholarship for his senior studies. Samuel received his scholarship certificate from Mr. Gold at our assembly today.

### BCE Connect

Dear Parents/Caregivers,

The **BCE Connect** phone App provides a platform to securely access SJC school information, making it easier to keep track of all things school related and to stay in touch. This app integrates with our school website and our parent portal. The **Qkr!** phone app (by Mastercard) is a secure and easy way to order and pay for school items from your phone. With **Qkr!** you can pay for school fees, uniforms, excursions, and ordering from our tuckshop. The **Teams** phone app will provide you with sporting teams information.

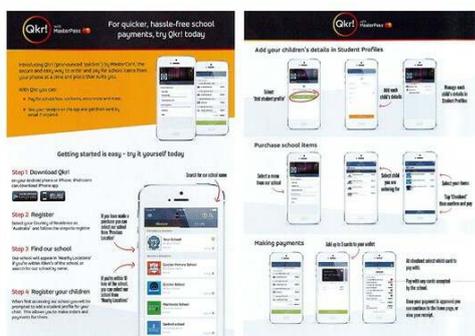

Parents are encouraged to log in to **BCE Connect** using their Parent Portal login credentials and 'favourite' St. John's College

to receive notifications direct from the school (including emergency announcements).

## NEED ASSISTANCE

If you are having problems accessing the Parent Portal after following the instructions, please contact Teresa McMahon on 54 415666 or email [tmcmahon@bne.catholic.edu.au](mailto:tmcmahon@bne.catholic.edu.au).

The Parent Portal and various Apps are valued communication tools for our families, and we request you to login regularly and explore them at your earliest convenience.

## School Procedures

### Absentees

Parents should ring the office absentee line (5444 9299) if students are away. If prior knowledge of absence is possible, parents should notify the office of dates in advance.

### Arriving Late to School

Students are to report to the office with their Student ID card and use the Sign In/Out machine to enter their late arrival. Students will be given a late slip by office staff and then sent immediately to their PC or class. Parents should call ahead if they know their student is going to be late or provide a written note for students to hand in at the office. If students do not sign in at the office or do not have a reason for their late arrival an absentee message will be sent to parents.

### Leaving School Early

Students MUST have a signed and dated note from your parent or guardian requesting permission for students to leave at a specific time. It's best to write this note in your student's diary. When it is time to leave, the student is to show the note to their class teacher and then report to the Office to sign out and wait for a parent to arrive. Parents must collect students from the office. Due to safety reason we cannot allow students to walk down the hill unattended. Parents should drive to the top of the College avoiding break times (10.25am-11.10am & 12.35pm-1.15pm).
